

Directions to Covestro, Leverkusen

Parking @ Covestro Headquarters (Building E54)

The entrance to the Covestro parking lot is on Friedrich-Westkott-Straße. Enter this street into your navigation system.

To access the parking lot please press the button at the parking lot barrier and tell the answering parking lot attendant that you are visiting Covestro and the EPSC Audit working group kickoff hosted by Randy Garabedian.

Safety first: we kindly ask you to cross the Friedrich-Ebert-Straße, which is a main street with busy traffic, at the pedestrian traffic lights near the Philipp-Ott-Straße.

After entering the building E54 via the main entrance, please head directly left and through the door down the hall. You don't need to register at the front desk.

After you reached the end of the hallway, the meeting room Sao Paolo is the second door to your right.
